I am already an user of the corporate systems, but I don't remember my password. How could I create my unique password?

Resposta (ou solução) (público)

- go to [1]uspdigital.usp.br and click First Access
- Enter your USP number.
- Enter your email.
- Enter the characters for the security verification.
- Lastly, click the button Password Request and wait to receive a confirmation email, on the address specified previously

OBS.: Please be sure to check the spam box.
- After receiving the confirmation email, access the link in the message to be redirected to a page for the creation of the unique password.

- To register a single password follow the following rule:
- the password must contain at least 8 characters
 - It should consist of letters, numbers and special characters
 - It must not contain 3 or more consecutive characters of its name or login

Examples of valid passwords:
*Test123
sinh@2012

Warning: These are just examples. Avoid using these passwords to avoid problems of misuse
